Obituary. The death took place on March 21st of Paul Hadley at the age of 24. He had been a keen member of Bushbury Chess Club for many years and played in their 'B' team in division 1 on board 1 or 2. It was not generally known that Paul had a heart condition from a very early age which could have proved fatal at any time. He was not expected to live long enough to attend senior school. He did however attend Wolverhampton Grammar School and lead a very active life. I first met Paul when he played for Staffordshire Juniors some years ago. He will be missed by Bushbury Chess Club. On behalf of the league I wish to offer his family our deepest condolences.

Graham Humphreys.
